## Join Our Team

You're invited to join a dynamic group of men, women, and young adults who serve Health First, its hospitals and affiliates, and the community. Our volunteers are of all ages and from all walks of life. Each volunteer brings his or her own special skills and experience, but shares a common purpose, too. Each bring his or her own special skills, experience, and willingness to help and comfort patients, as well as provide support to our staff. When you become a volunteer, you always receive more than you give. Some of the most pleasant moments enjoyed by our patients are those given by volunteers.

***Please consider becoming a volunteer.***

***Call us or return your completed application to one of our offices today!***

## The Auxiliary

The core of our hospital volunteer services are the Cape Canaveral Hospital Auxiliary and Holmes Regional Medical Center/Palm Bay Community Hospital Auxiliary members who provide financial support, direction, and leadership. Since their inceptions, the auxiliaries have contributed millions of hours of valuable service, and helped to raise money to finance hospital building projects, purchasing new equipment, and sponsoring community healthcare-related programs. The ongoing service of the Auxiliary touches the lives of many... patients, visitors, physicians, and hospital staff members alike.

## We Need You!

We have more than 1,000 volunteers ranging in age from 14 to 90+! Volunteers become acquainted and familiar with each Health First hospital and the Volunteer Services Department during a comprehensive orientation program. We'll teach you everything you need to know to handle your responsibilities. What a great opportunity to utilize your gifts, talents, experience, and leadership skills while serving others.
